# Netomnia brand blueprint

This guide is your essential road-map to everything Netomnia. Inside, you'll discover what makes us unique, our vision, and the tools to bring the Netomnia brand to life. Whether you're designing, writing, or strategising, these guidelines are here to help you champion a brand that's bold, innovative, and built for the future.

Together, let's build a fibre network that's ready for whatever comes next.

## Brand story

Started in 2020 to accelerate the UK's transition to fibre, Netomnia is now the UK's fourth-largest Full Fibre network.

In 2024, Netomnia and brsk merged to create a wholesale fibre network operator. United by a shared ambition and backed by over £1.5 billion in funding, Netomnia is built to lead a new era of Internet connectivity.

With an ambitious roll-out plan to connect five million premises by 2027, our network is engineered for speed, reliability, and the future. At the heart of our platform is a capital-efficient approach that ensures we deliver uncompromising performance, powering tomorrow's innovations.

Netomnia is where the most powerful Internet lives.

# Brand strategy

Who we are! This is where the journey begins. Get to know what drives Netomnia - our vision, mission, and the foundation that fuels our quest.

# Brand strategy

Avoid the category's obsession with the future connectivity of the UK and instead focus on how we are building and creating access to an uncompromising fibre network for tomorrow's innovations.

## Our vision

To build the third national fibre infrastructure.

## Our mission

To supercharge the Internet by building and creating access to a robust wholesale fibre network that outperforms the competition tenfold.

## Positioning

A fibre network built for whatever comes next.

## Sustainable competitive advantage

We build uncompromising fibre networks that are both incredibly fast and reliable.

## Brand idea

Where the most powerful Internet lives.

## Proof points

- The UK's second largest Full Fibre Alt-Net
- The UK's fourth largest Full Fibre network, engineered for the future
- The only scaled and capital-efficient wholesale and consolidation platform
- A plan to connect five million premises by the end of 2027
- A goal to serve one million customers by 2028
- A 10Gbps (XGS-PON) native fibre network, delivering lightning-fast download and upload speeds
- The UK's first commercial 50G PON service

## Brand characteristics

- Bold
- Action-biased
- Entrepreneurial
- Ambitious
- Rock-solid
- Innovative

# Brand values

At Netomnia, our values fuel everything we do. The compass that guides every decision we make.

# Netomnia brand values

## All for one

We're one team with one goal. We support each other and win together.

## Dare to be you

Be bold, be real, and bring your whole self to work.

## Have fun and get sh\*t done

We move fast, get things done, and enjoy the journey while we're at it.

# Tone of voice

Our voice is our superpower. Our tone cuts through the noise, making sure we communicate clearly and effectively, every time.

# Tone of voice

## Boldly ambitious

We sound daring, driven, and boldly ambitious. Our words set the agenda; they lead with certainty.

- Use strong, certain language that's active and positive. We don't say, "We hope," we say, "We will."
- Make the big claims, don't be shy, but back them up, with results, research or real-life examples.

## Clear and driven

We use our words to cut through with clarity. We sound direct and action driven to reflect our entrepreneurial spirit and how we get things done.

- Be conversational, avoid complicated words and technical jargon. AEA. Always Explain Acronyms.
- Be straightforward and to the point. Use active verbs.
- Avoid ambiguity. Clarity is key, so say what you mean.

## Future-focused and fun

We sound inspiring, excited, and pumped for the future. With a sense of wonder and optimism, we sound ready for whatever is next.

- Look forward, and focus on the possibilities, you can use vivid words or metaphors, and energetic language.
- Be engaging and optimistic, not formal or technical.

## Approachable and confident

We sound warm and welcoming, with an approachable tone. We sound confident, not arrogant, in our expertise and always open to new ideas and partnerships.

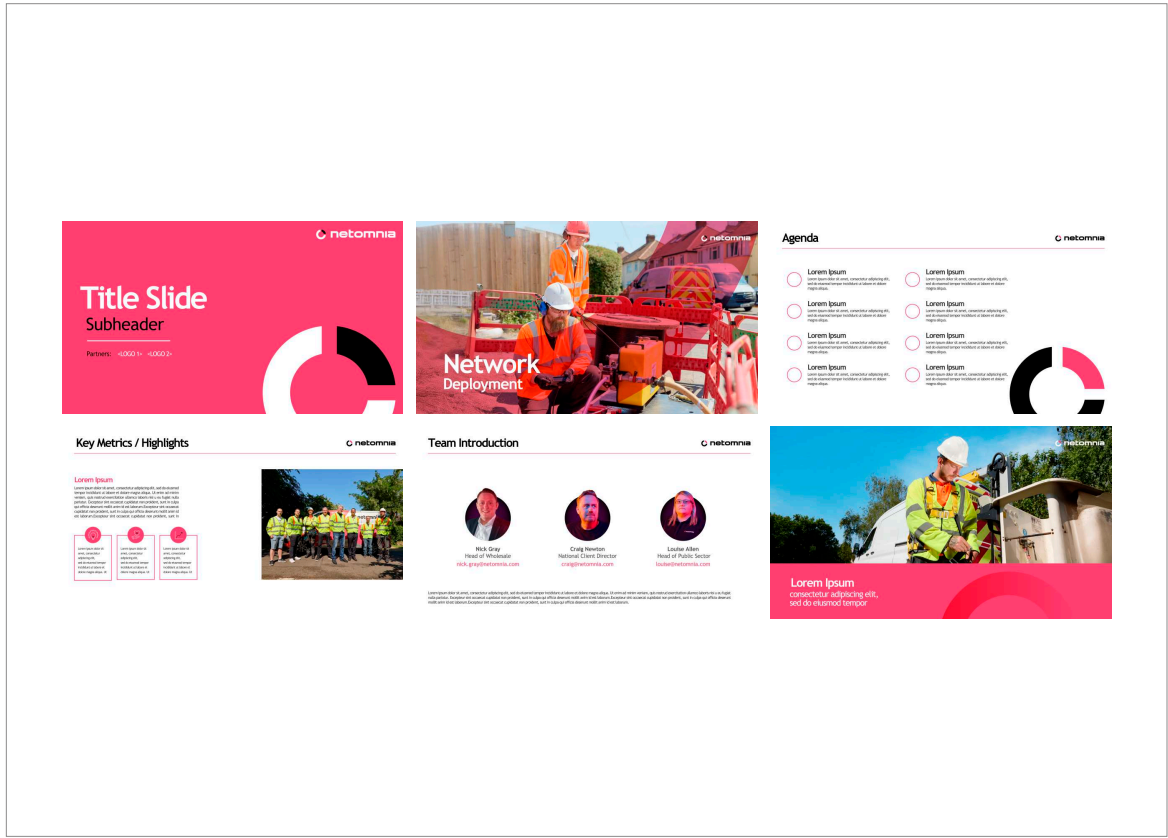

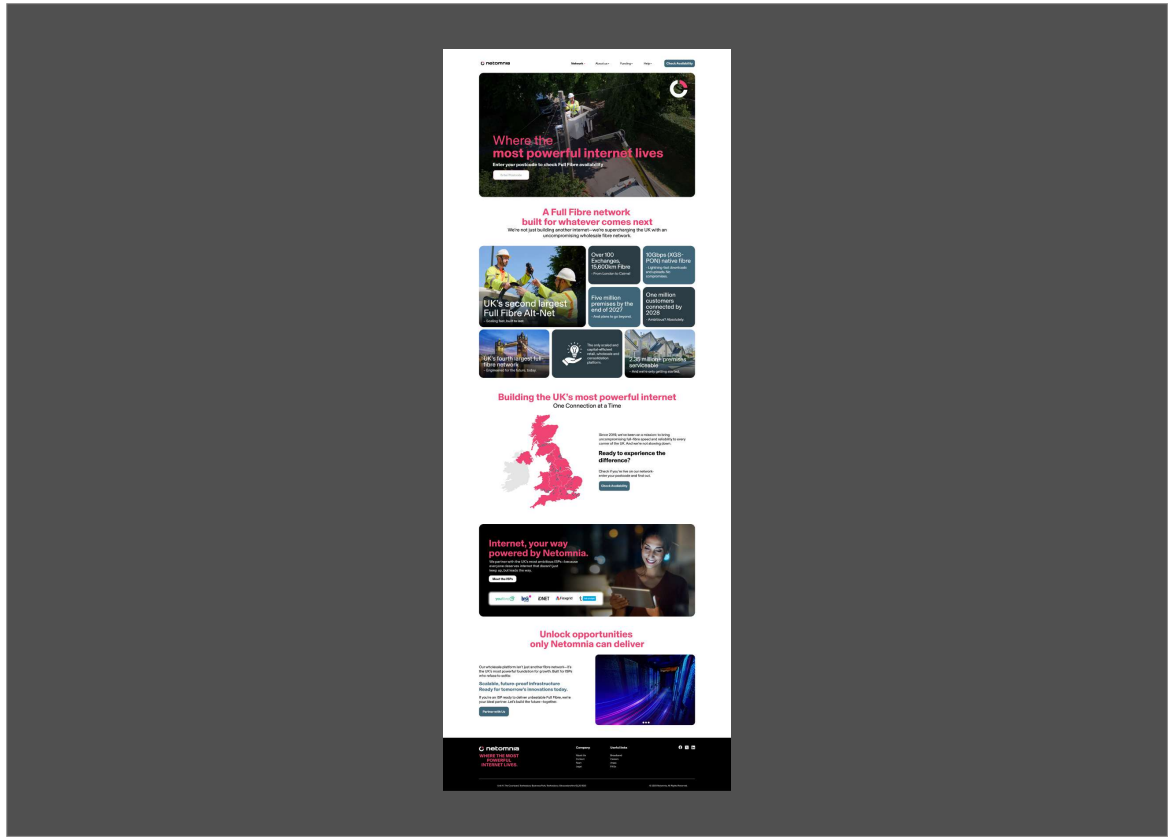

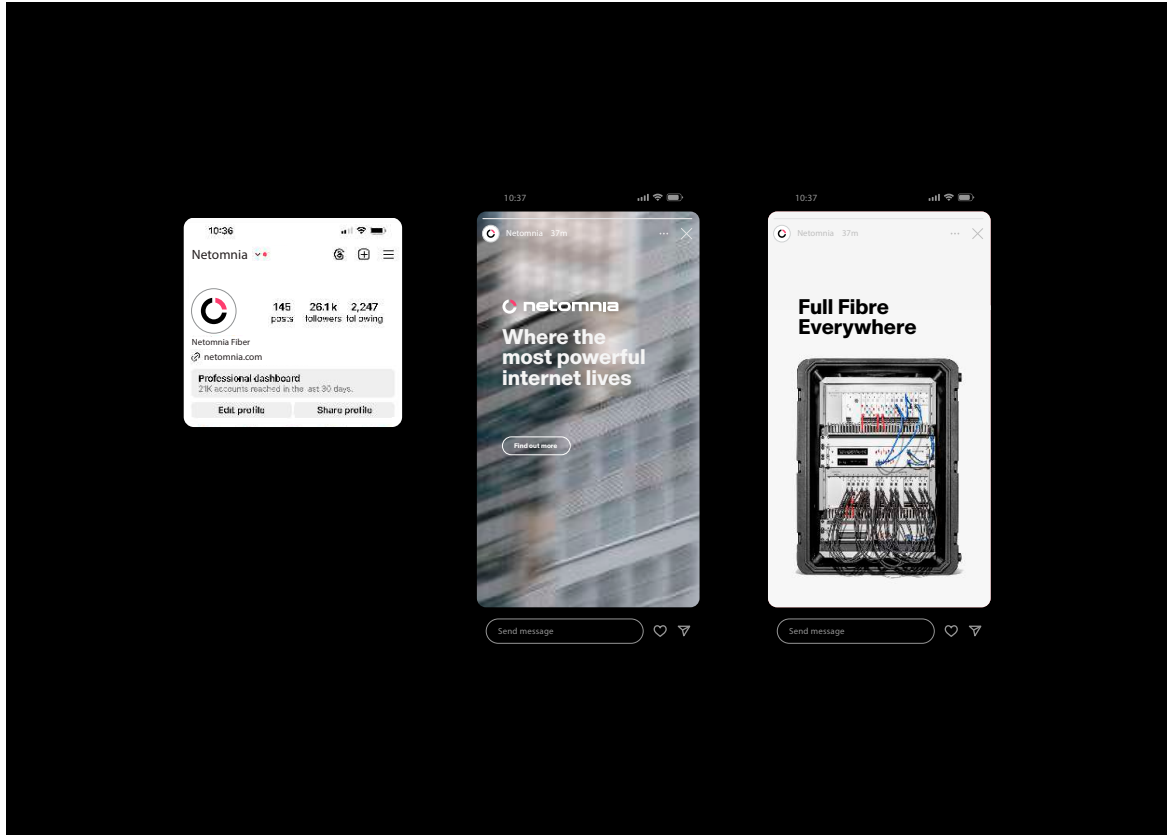

- Use inclusive language that's encouraging and inviting – focus on benefits and advantages.
- Balance confidence with openness. Like an expert writing to a friend. Conversational, not formal or stiff.

# Design tool kit

Your go-to toolkit to shape the look and feel of Netomnia.  
Dive in and discover the elements that bring our brand's bold identity to life, from logos to typography.

# Overview

# Netomnia logo

Our logo is more than just a graphic element - it's the visual embodiment of our brand promise.

# Netomnia logo evolution

- Our refreshed Netomnia logo reflects a stronger, more distinct brand personality.
- The refined typography and balanced weight enhance clarity and presence, while the removal of the gradient in the abstract symbol creates a cleaner, more modern aesthetic.
- The new design embodies confidence, stability, and innovation - aligning with our mission to push boundaries in the telecom industry. This evolution ensures consistency across digital and print applications, reinforcing a bold and forward-thinking identity for Netomnia.

Old primary logo

New primary logo

# The core of our brand identity

The Netomnia logo embodies our brand's core values through its distinctive circular motif.

The larger element signifies 'the right connection', highlighting our commitment to building a reliable, high-performance network. The smaller dynamic element represents 'the potential', symbolising future growth and innovation enabled by our fibre network. Together, they form a complete circle suggesting connectivity and continuous progress.

The wordmark 'Netomnia' reinforces this vision, with 'Net' representing our inclusive network built for everyone, while 'Omnia' (Latin for 'all things') conveys our readiness to power tomorrow's innovations.

# Logo lock-up integrity

The Netomnia logo lock-up must be maintained as a unified element in all applications. The abstract circular brandmark and wordmark are intentionally designed as an integrated unit with carefully balanced proportions.

They should never be separated or used independently. Maintaining this cohesive presentation preserves our bold, distinct brand identity and ensures consistent recognition across all touchpoints.

# Incorrect usage

The Netomnia logo has been designed to specific proportions and should not be altered. It should not be treated in any way that distorts or alters the original.

Do not stretch the logo

Do not lock the word mark up with text

Do not rotate the logo

Do not change the logo to a colour outside of the brand palette

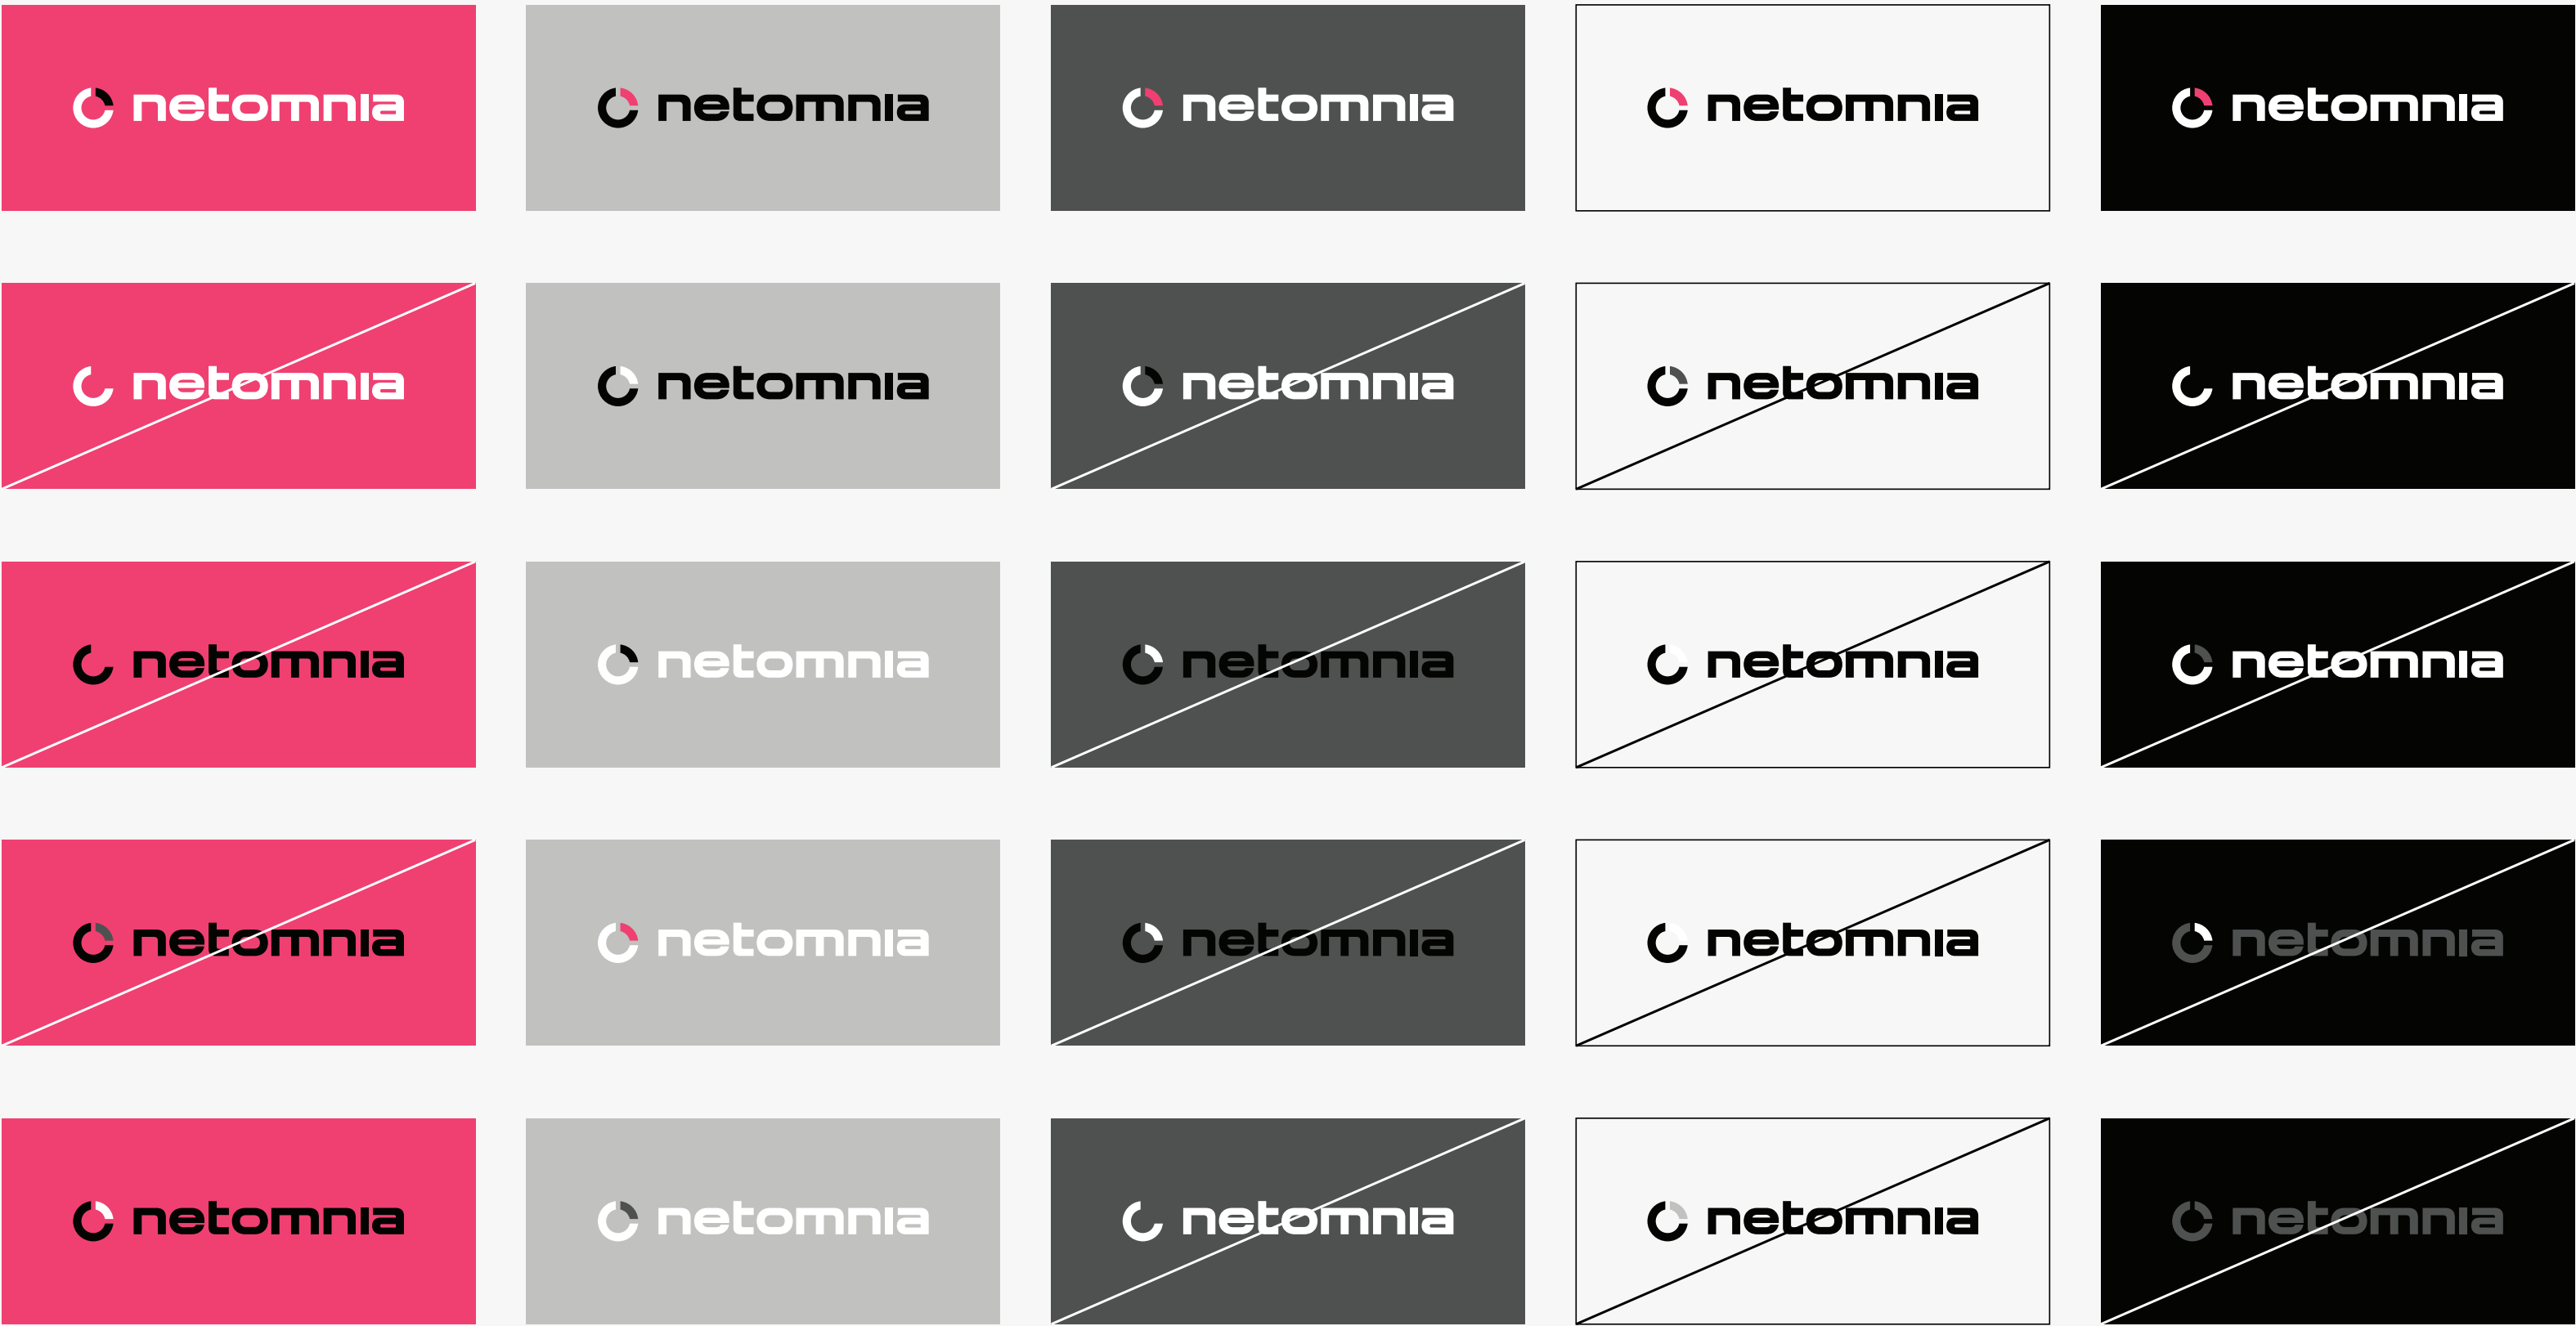

Do not lock the logo up inside a shape or within lines

Do not outline the logo

# Logo usage

The Netomnia logo must only use approved colour combinations shown in the grid. Use a black or white wordmark with a red pink, white, or black accent for the ‘potential’ arch against appropriate background colours. Combinations with diagonal lines are prohibited. Always select the variation that ensures optimal contrast and visibility for your specific application.

# Typography

Our typography speaks volumes. It helps shape how our message is received, making our communications strong, decisive, and unmistakably Netomnia.

## Brand typeface

Conceived of to have a dual program, Basel is an innovative typeface designed by Chi-Long Trieu composed of two variants: Grotesk and Classic.

Rooted in modernist typography, Basel Grotesk reinterprets key elements of this aesthetic with a new dynamism.
